

Privacy Policy – Kompitrail

1. Introduction

Kompitrail is an application created for planning motorcycle routes, forming travel groups, and sharing riding experiences. This Privacy Policy explains how we manage personal data and the rights available to users.

2. Data we collect

- First and last name
- Email address
- Password (stored using secure encryption)
- Data related to motorcycles created by the user
- Information about routes created, edited, joined, or deleted
- General usage information to improve the app (logs, language selection, settings)

3. Purpose of data processing

We use personal data to:

- Manage user registration, login, and password changes
- Allow creating, modifying, and deleting motorcycles
- Allow creating, modifying, joining, and deleting routes
- Coordinate participation in routes with other users
- Enhance user experience and improve app functionality

4. Legal basis

- User consent provided during registration

- Performance of the requested service (use of the app)
- Legitimate interest in ensuring platform safety and operational efficiency

5. Storage and security

- Passwords are encrypted using industry standards
- Sensitive information is transmitted securely (HTTPS)
- We apply technical measures to prevent unauthorized access

6. User rights

- Access their personal data
- Request corrections
- Delete their account and associated data
- Change their password at any time
- Request additional information about data processing

7. Data retention

- Data is stored while the user maintains an active account
- When the account is deleted, data is permanently removed unless legally required otherwise

8. Contact

For privacy-related questions, please contact support through the application.
